

EMRO Adoption Costs (*shipped by Cargo*)

When adopting an EMRO cat in a country outside of Egypt, kindly note that the amount for the overall cost of transporting the cat to you will include fees for the following:

1. CARRIER
2. HEALTH CERTIFICATE & VACCINATIONS
3. FLIGHT
4. BROKER
5. TRANSPORTATION TO AIRPORT
6. AIRPORT EMPLOYEE & MISC.

The above instructions are for cats whose Adopter have chosen to have them delivered via “Cargo”, or unescorted by a Pet Escort. Adopters who choose a Pet Escort for their adopted cat will not incur Broker fees, and will only provide a \$50 USD tip to the Pet Escort.

Additional notes when picking up a cat at an airport:

1. The Adopter is responsible for any charges at the receiving airport where the cats are to be picked up.
2. Several days prior to the flight, the Adopter should contact the people responsible for animal imports at the airport informing them of the date, flight carrier and number, and estimated arrival time to ensure that there is someone there to clear the cat upon arrival. Alternatively, if the flight arrives outside working hours, arrangements must be made for caring for the animal in a holding area or kennel during the waiting period.
