

Sophie's Litter

Lucky Four-EMRO's 4th litter in 2006.

On December 8th 2006, EMRO's 4th litter of 2006 was born at EMRO HQ. It was a difficult delivery for the mother Sophie, a half Mau, who caught pneumonia just a couple of days before labor. Being weakened by illness and pregnancy, it was uncertain if Sophie could manage the delivery herself, or if a c-section was necessary.

But against all odds, Sophie gave birth to six gorgeous kittens, all within 5 hours, with a little support from the EMRO workers. Sadly, the youngest kitten died only 11 days later due to a weak heart.

The other five, however, are healthy and lively little things, and well fed and taken care of by their mommy. Sophie has been a loving and protective mother from day one, and has never neglected her maternal duties.

The kittens will be available for adoption as of March 2nd, 2007, at 3 months. Sophie will be spayed and also become available after the kittens are weaned off.

We are already accepting adoption questionnaires and deposits to hold the kitten of your choice.

***Sabeeh ('Hany') (Deceased)**

Colour: Mau, bronze

Gender: male

Age: December 08, 2006 - January 21, 2007
Vaccines:

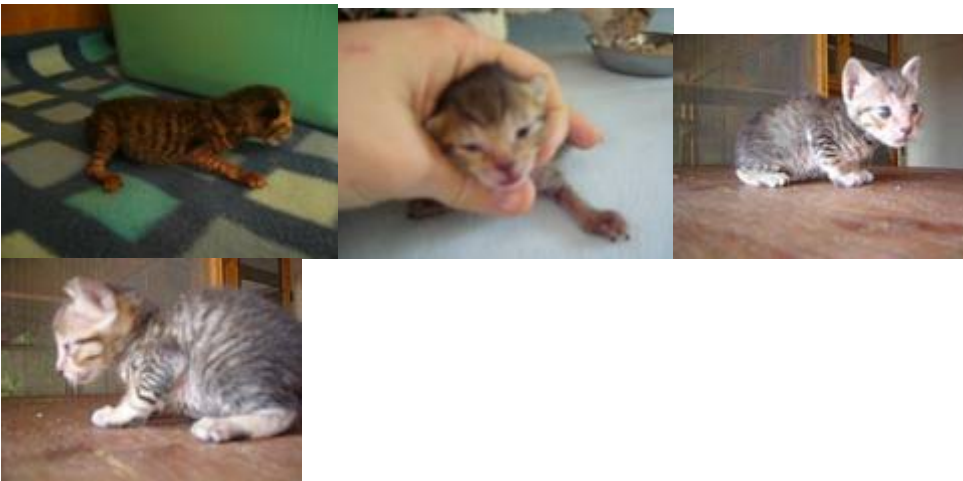

*** Sia ('Lucy') (HOLD)**
